
5010

Final Rule published in the Federal Register, January 16, 2009

X12 **5010** Transactions replace the 4010[A1] Versions.
NCPDP 5.1 and 1.1 replaced by **D.0 and 1.2**

1/1/2012

Impacts/Changes to the transactions:

System:

- Identify the changes in data elements [size, requirement, usage notes]
- Consider options for usage a new/revised data elements
- Inventory and identify opportunities for proprietary file elimination

Business:

- Added elements needed/wanted in adjudication
- Impact of missing elements
- Impact of changes in usage notes
- Impact of changes in transaction structures within the transaction and across transactions [i.e., if payment must be identified at the line level on the 835 – how do you do that when AHCCCS pays an overall tier at the header level?]
- Identify all the documentation that will need to be updated
